

## 1. Firstly, you need to find a professional supplier.

What defines a professional supplier?

- 1) The grade of their products is suitable for you;
  - 2) They are professional enough that can provide reasonable proposal for you;
  - 3) They have exemplary service attitude, especially the salesperson who serves you.
- You can verify if they have these features when you communicate with them.

## 2. Secondly, you need to supply the detailed specifications.

### Step1 Pls choose the base type you need

Base type: Swiss lace, fine mono, welded lace, thin skin, injected lace, integration.

There are many different types, pls contact the salespeople, they will tell you which kind is the best for you.

### Step2 Pls choose the hair type

Hair type: If make 6" men's toupee, it is enough to use regular Chinese hair or Indian hair, we can also supply the best remy hair and Euro texture hair.

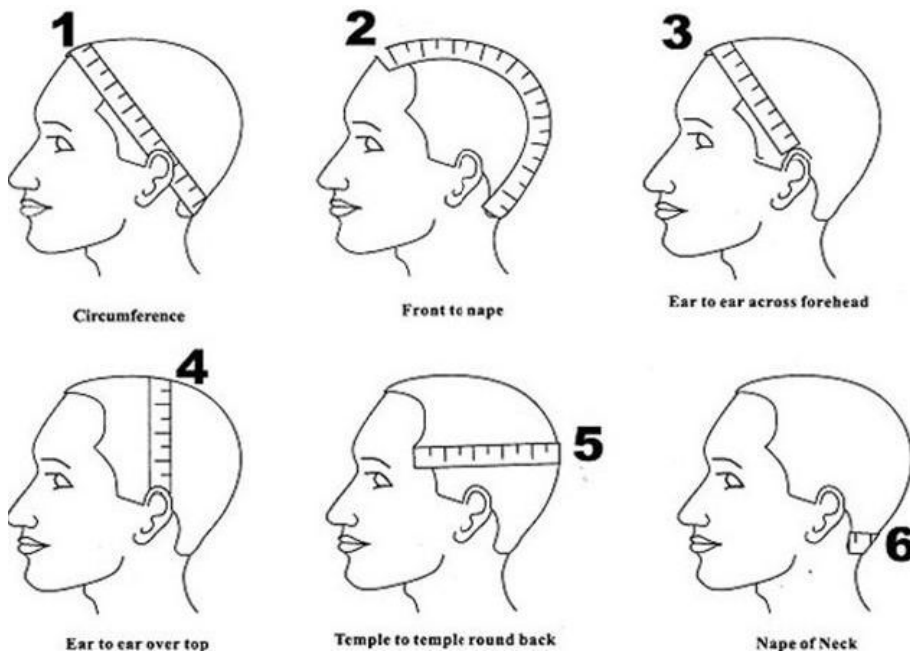

### Step3 Pls choose the hair length you need

For men's toupee, the common hair length is 6 inches.

### Step4 Pls confirm the size/measurement

If you need a toupee, pls measure it from the front to back and from left to right

For a full wig, pls do the measurement according to the below picture:

For custom made order, if you can send a template to copy, that will be perfect.

**Step5 Pls confirm the hair color**

You can choose the color according to the color chart. But as you know, sometimes the picture is not accurate completely. The best way is order a set of color ring or send hair samples, then we can copy it exactly.
